At the Brainy Adventure Camp

1. Boy: The best activity was the scuba diving, I think.

Girl: Yes, it was great. We saw some fantastic fish.

Boy: I thought that scuba diving was difficult, but it wasn't.

Girl: Well, it wasn't difficult, but it wasn't easy either.

Boy: That's true. It wasn't easy. And it was a lot of money!

Girl: Yes, it was. It wasn't a cheap activity!

2. Girl: I didn't like climbing the mountain.

Boy: No? Why not?

Girl: I didn't think it was safe.

Boy: You're right. It wasn't safe. I was scared most of the time.

Girl: And when we got to the top ...

Boy: That was horrible. I almost fell.

Girl: Me too!

3. Boy: I liked the whale watching.

Girl: Yes, I liked it too. I think they wanted to play with us.

Boy: Yes, I thought that too. They made me laugh.

Girl: You're right. I can't believe that we were on the boat for an hour. I thought it was about 20 minutes. I had a great time.

Boy: Me too. I loved looking at them.

4. Girl: Did you ride a quad bike?

Boy: Yes, I did. What about you?

Girl: I did too. It was difficult but I really enjoyed it.

Boy: Yes, they aren't easy to drive. But you can't go very fast ...

Girl: I don't want to go fast, thank you!

5. Boy: I went fishing too but I didn't catch any fish.

Girl: I caught some very small fish – but I felt bad about it ...

Boy: Did you cook them?

Girl: No, of course not!

Boy: So what did you do with them?

Girl: I put them back in the water. The whole thing was a waste of time.

Boy: You're right. It wasn't any fun at all.
