Czytaj i słuchaj (nagranie 2.42) – „An interview with Chris Ray”:

**Interviewer:** Welcome to Sports News. Our guest today is Chris Ray. Congratulations on winning the TTT Race, Chris!

**Chris Ray:** Oh, thank you.

**Interviewer:** Tell us about the race. Which were the hardest days for you?

**Chris Ray:** Wednesday and Thursday – they were both very difficult days.

**Interviewer:** And which was the best day?

**Chris Ray:** Tuesday – that was a great day.

**Interviewer:** Tell us about the transport you used during the race.

**Chris Ray:** On Monday, I was on a ferry. It was windy so it wasn't very nice. Then I was on a train. And on Tuesday, I was on a ship.

**Interviewer:** Were you on the ship for the whole day?

**Chris Ray:** I was on the ship for six hours.

**Interviewer:** What was the weather like?

**Chris Ray:** It was hot and sunny – so it was a great day to be on a ship.

**Interviewer:** I think there was a problem on Wednesday, is that right?

**Chris Ray:** Well, not really a problem, but Wednesday and Thursday were very difficult days. I was on a mountain bike and it was very wet and very cold.

**Interviewer:** Now, that doesn't sound like fun. What about Friday?

**Chris Ray:** Well, on Friday, I was on a tram and then I was in a helicopter.

**Interviewer:** That sounds really exciting!

**Chris Ray:** Yeah, it was. Then on Saturday, I was on a scooter all day. It was good fun, and it was really fast.

**Interviewer:** And on the last day – on Sunday?

**Chris Ray:** Sunday was a difficult day. The rules say we must use 10 different types of transport in a week. So on Sunday, I was in a hot-air balloon, on the underground, and on a motorbike! And to make things worse, it was foggy all day. It was a crazy day!

**Interviewer:** So that's three types of transport in one day! That's a lot. Were you tired?

**Chris Ray:** Yeah, I was exhausted!

**Interviewer:** Chris, congratulations again on winning the race!

**Chris Ray:** Thanks, thanks a lot.
